

CELIA LAWLEY ...aka...

***Sally Jean***

***the Compost Queen***

**Sustainable Gardening/ compost program**

A certified master composter through the Solana Center/ City of San Diego, Celia will be showing photos of her zero energy agricultural prototype where she grows local produce year round for local distribution using straw bale green houses. Lawley, also a versatile musician who loves using her musical talents as a catalyst for positive social change includes her song Sally Jean The Compost Queen song in the sustainable gardening educational program, The song was her final project to complete her composting certificate and teaches the principles of active composting through music in 5 minutes.
